

NEXT STEP 2012 STUDENT DESTINATIONS Queensland Academy for Creative Industries

Introduction

This report is based on the findings of the Queensland Government *Next Step* survey, which targeted all students who completed Year 12 and gained a Senior Statement in 2011, whether they attended a government, Catholic or independent school, or a TAFE secondary college. The Office of the Government Statistician conducted the survey between April and May 2012, approximately six months after the young people left school. Responses were collected via computer-assisted telephone interviewing and an online survey.

The state-wide and regional reports of the *Next Step* survey can be located at the *Next Step* website at www.education.qld.gov.au/nextstep

Response rate for Queensland Academy for Creative Industries

Table 1 below reports the response rate for Queensland Academy for Creative Industries. It expresses the number of respondents from this school, as a percentage of all Year 12 completers attending Queensland Academy for Creative Industries in 2011.

It has not been possible to ascertain how representative these responses are of all students at this school.

Table 1 Survey response rate

Number of respondents	Number of students who completed Year 12	Response rate (%)
81	84	96.4

Definitions of main destinations

The pathways of Year 12 completers were categorised into ten main destinations. Respondents who were both studying and working were reported as studying for their main destination. A table defining these categories can be found in the state-wide report at www.education.qld.gov.au/nextstep

Summary of findings

In 2012, 71.6 per cent of young people who completed Year 12 at Queensland Academy for Creative Industries in 2011 continued in some recognised form of education and training in the year after they left school.

The most common study destination was university (65.4 per cent). The combined VET study destinations accounted for 6.2 per cent of respondents, including 4.9 per cent in campus-based VET programs, with 2.5 per cent of Year 12 completers entering programs at Certificate IV level or higher.

1.2 per cent commenced employment-based training, all as trainees.

In addition to the above study destinations, a further 18.5 per cent of respondents from this school deferred a tertiary offer in 2012 (deferrers are shown in Figure 1 in their current destination).

28.4 per cent did not enter post-school education or training, and all were employed.
