BACKGROUND

The Queensland Academy for Creative Industries caters for students in Years 10, 11 and 12, offering the International Baccalaureate Diploma (IB Diploma) program as the only curriculum framework in Years 11 and 12. Year 10 students complete a Pre-IB course of study that prepares them for the rigour and skill set required to successfully complete the IB Diploma. Students undergo a selective entry process prior to an offer of enrolment. The IB Diploma Program provides students with the opportunity of global University entry and in most cases advanced standing arrangements with universities. The IB Diploma Program is externally moderated to give assurance to Universities of the high quality of graduates.

RATIONALE

The Queensland Academy for Creative Industries recognises as its prime obligation the provision of this specialised educational program for students who, through rigorous testing, are judged to be well placed to achieve the IB Diploma.

This plan sets out the requirements for enrolment of students at the Queensland Academy for Creative Industries.

ENROLMENT CAPACITY OF THE ACADEMY

The Academy currently has the capacity to enrol up to 450 students across Years 10, 11 and 12.

Should this capacity change because of changes to occupancy capacity, this will be advertised through the approval and gazettal of an amended plan including the operative date for the new plan.

ENROLMENT POLICY

Under Chapter 8 of the Education (General Provisions) Act 2006 (the Act), a principal must enrol a student at a school the student is entitled to be enrolled at. Students enrolling at the Queensland Academy for Creative Industries must be eligible for general enrolment in State schools and must also satisfy the specific Enrolment Criteria of the Academy set out in this plan.

- General enrolment requirements for State schools
  Prior to assessment against the Enrolment Criteria the Academy Principal must be satisfied that the student meets the general enrolment requirements for State schools. A student must meet the general requirements set out in the Act (for example having an allocation of state schooling remaining, and/or in the case of mature aged students possessing a positive mature age student notice). The Academy Principal may also defer an enrolment decision to the Director-General if a student poses an unacceptable risk to the safety or well being of the school community. Applicants who have been refused enrolment on the basis of the general enrolment requirements may pursue review rights under the Act as advised by the Academy Principal.

- Enrolment Criteria
  The student must also meet the Enrolment Criteria set out below. In order to be eligible for enrolment at the Academy a student must at a minimum:
  - demonstrate (via presentation of evidence at the time of application) that they:
    - a. have Australian Citizenship or are the child of an Australian citizen; or
    - b. have Permanent Resident status or are the child of an Australian citizen; or
    - c. are eligible under a Visa category; and
  - have reached the benchmark results on the Higher Ability Selection Test; and
  - have successfully completed an interview and/or audition, against the interview and/or audition criteria, and produced a portfolio and documentary evidence of school-based testing at their previous school; and
  - can meet the financial commitment of the program fees at the Academy.

The Academy Enrolment Eligibility Committee (the Committee) conducts relevant tests, interviews and auditions and provides advice to the Academy Principal about the student’s eligibility under the enrolment eligibility plan criteria. The Academy Principal will consider this advice when determining a student’s enrolment application.

1 The Higher Ability Selection Test is a test developed and scored by the Australian Council for Educational Research (ACER). 2 Students wishing to study Music who cannot provide documentary evidence of having achieved up to Australian Music Examination Board (AMEB) Level 3 Theory will be required to undertake a 30 minute Music Theory Test.
• **Processing of enrolment applications**

Enrolment applications are to be made to the Academy Principal who will consider the general enrolment requirements and the assessment advice from the Committee regarding the student’s performance against the enrolment criteria for the academy. Students will not be eligible for enrolment unless they have undergone assessment by the Committee.

Vacancies will be filled by a rank order. Students will be ranked for interview based on their achievement in the *Higher Ability Selection Test* (HAST). Students who meet the HAST benchmark will be offered an interview and required to present a specific portfolio and or audition for each of the creative subjects they wish to study. Students will then be ranked in order for each subject based on their HAST score combined with the outcome of their interview and portfolio. Some students may be placed on a waiting list if more than one round of selection is required in order to fill the annual quota of places. Should more than one round of entry (testing and interview) be required in any one year, the number of enrolment places remaining will be filled through the ranking process above but also include those students on the waiting list.

Where there are students who were considered by the Academy Principal to have met all enrolment criteria set out above, but who were not enrolled in the Year 10 intake due to the Academy’s capacity being reached, such students will be considered for an intake should vacancies arise in the school year. These vacancies will be filled through continuance of the rank order from the Higher Ability Selection Test results. Note: these intakes are not an option for Year 11 or 12 students.

The Committee has determined that the Academy may enrol up to ten (10) international fee paying students from the 2011 academic year. This international student capacity may be varied by the Academy Principal in consultation with Education Queensland International should the Academy’s capacity to enrol international students change over time.

In all cases the parent or student must meet the financial commitment of the program fees at the Academy. The Department reserves the right to suspend delivery of educational services should there be failure to pay the program fee.

**QUEENSLAND ACADEMIES ENROLMENT ELIGIBILITY COMMITTEE**

The Enrolment Eligibility Committee consists of the Manager, Corporate Services, Queensland Academies Brand Division (chair); the Academy Principal; a representative of the Academy Parents and Citizens Association and an elected staff representative.

**REVIEW OF QUEENSLAND ACADEMIES ENROLMENT ELIGIBILITY COMMITTEE ASSESSMENTS**

Applicants who have been refused enrolment by the Academy Principal on the basis of a report by the Enrolment Eligibility Committee will be notified in writing of the reasons for the refusal by the Manager, Corporate Services, Queensland Academies Brand Division.

Applicants may seek a formal review of an unsuccessful assessment by making a written submission to the Regional Director, Metropolitan Region, Education Queensland. This submission should present evidence to substantiate a claim that the stated criteria have not been applied correctly or fairly.

The Regional Director will, where possible, decide the review and provide written advice to the applicant within 14 days of the applicant's submission. The Regional Director’s decision on the review will be final.

**Review Date**

The Enrolment Eligibility Plan for the Queensland Academy for Creative Industries is operational from 1 December 2010 and will be reviewed triennially. This plan remains in effect until a new plan is approved to replace it and while it is under review.

| All necessary amendments to this plan will be notified through the approval and gazettal of a new plan. |
| The provisions of the new plan will come into force either as of the date of gazettal or an operative date stated in the gazette notice. |
A uniform was a specified component in the original establishment brief for the Queensland Academies. The uniform is consistent with the overall Queensland Academies brand and the expectations held of the academies by Education Queensland and the wider community. The uniform ensemble was designed by the foundation student cohort of the Academy.

The students of the Queensland Academy for Creative Industries have access to three uniforms with each recognising and reflecting a sense of time, place and occasion.

1. A day uniform;
2. A formal uniform
3. An active wear uniform

- The day uniform can be worn any day of the week except those specified for the formal uniform.

PERSONAL PRESENTATION PROTOCOLS

Out of Uniform:
In exceptional circumstances if a student is unable to wear the complete uniform, that meets the specified occasion, they must be prepared to present to a staff member, upon enquiry, a short written note of acknowledgement from a parent/caregiver. This will be monitored closely and exploitation of these principles and protocols underpinning the guidelines of our uniform will be referred to the Administration team for advice or redirection.

Makeup (including nail polish):
Whilst makeup is not specifically banned, the use of make-up should be absolutely minimal (if it is obviously noticeable then it is an indicator that there is overuse) and should not detract from the uniform or how students are perceived within the wider community. Judgments on makeup will not seek to restrict individuality but reflect appropriateness of time and place, in this case the Academy vision, purpose, setting and the expectations of the Academy community.

Hair Colour and Styles:
Whilst hair colouring or a specific hair style is not specifically banned, the colouring or style should be natural and not detract from the uniform or how students are perceived within the wider community. Judgments on hair colouring or styles will not seek to restrict individuality but reflect appropriateness of time and place, in this case the Academy vision, purpose, setting and the expectations of the Academy community.

Jewellery:
The following pieces of jewellery are acceptable at the Academy:
- A wrist watch
- 2 small metallic studs or sleepers per ear
- A plain, small ring
- A necklace of sentimental or religious significance if worn under the uniform, out of view.

A student must engage in the full program of subjects from each of the six (6) groups. IB does allow some specific variations.

- A student must also complete requirements of
  - C.A.S. – Creativity, Action, Service
  - EE – Extended Essay
  - T.O.K. – Theory of Knowledge

**HIGHER LEVEL / STANDARD LEVEL SUBJECTS**

- Of the six subjects studied a minimum of three (3) must be studied at Higher Level and the remainder at Standard Level. A maximum of four (4) can be taken at Higher Level.
- The difference in Higher / Standard Level is the number of teaching hours.
  - Higher Level – 240 hours per course.
  - Standard Level – 150 hours per course.
- Different Subject courses differentiate between the HL / SL in different ways in achieving this.
  - e.g. - core standard course in both with additional topics in HL.
  - the same topics in each but covered to a different depth.
  - differing assessment requirements.

**SUBJECT GRADINGS**

- Achievement in each subject is rated from 1 to 7.
- HL / SL subjects are treated the same in the contribution to the total diploma score. i.e. A 6 rating in an SL subject is not worth less than a 6 rating in the equivalent HL subject.
- A maximum score of 45 can be achieved in a diploma.

\[
\begin{align*}
6 \text{ subjects x 7 score} & = 42 \text{ points} \\
\text{TOK + Extended Essay (See Diploma Points Matrix)} & = 3 \text{ points} \\
\text{Total points} & = 45 \text{ points}
\end{align*}
\]

**ACHIEVING THE DIPLOMA**

A diploma will be awarded to a candidate whose total score is 24, 25, 26 or 27 points or more.

Provided all of the following requirements are met:

- Numeric grades have been awarded in all six (6) subjects.
- An approved program of C.A.S. has been completed.
- An A to D grade in T.O.K. and Extended Essay. If a student gains an E grade in either (but not both) they must then achieve a score of 28 to attain the Diploma. If they gain an E in both T.O.K. and EE they will not receive the Diploma.
- No grade of 1 in any subject.
- No grade of 2 at Higher Level; Over 28 points no more than one grade 2 at Higher Level.
- No more than one grade of 2 at Standard Level; Over 28 points no more than two grade 2 at Standard Level.
- Overall, there are no more than three (3) grades 3 or below.
- At least 12 points have been gained on Higher Level subjects; Over 28 points at least 11 points at Higher Level (candidates studying four Higher Level subjects must gain at least 14 points at Higher Level).
- At least 9 points have been gained on Standard Level subjects; Over 28 at least 8 points at Standard Level (if only doing two Standard Level subjects, must gain at least 5 points at Standards Level).
- The Award Committee has not judged the candidate of malpractice.
BACKGROUND

Social networking sites (SNS) are like virtual communities, providing a social lifeline for today’s youth. Sites like MySpace, Tumblr, Twitter and Facebook allow users/members to create an online profile or web page. Members can then post personal information, photographs, blogs, music clips and other information about their interests online. A big part of customising their space is to upload photos or images. Most sites also have a blog where users can write their thoughts, encourage others to join in and post comments.

What are the dangers?

Social networking sites hold significant appeal for young people. Whilst such sites provide opportunities for self-expression and identity formation, they also pose risks.

These include:

- Posting inappropriate content. Risks arise when young people give out information that is too personal or allows others to know who they are or where they live.
- Exposure to anti-social or illegal material.
- Being targeted by sex offenders.
- Cyber bullying.
- Identity theft – many people within social networking sites encourage users to join their space or view their profile by encouraging them to click on links that ask for username and passwords. This allows others to gain access to their passwords and other private information.
- Diminished reputation or community standing

USE OF THE QUEENSLAND ACADEMY FOR CREATIVE INDUSTRIES BRAND ON PUBLIC SITES

The reputation and standing of the Queensland Academy for Creative Industries brand, represented by name in written texts, by the Academy logo or the Academy uniform, can have both a positive and negative impact on all students and staff who attend the Academy, have attended or those who aspire to attend the Academy.

- The posting or communication of any image or text which can be identified as or associated with the Queensland Academy for Creative Industries without the written approval of the Principal will be viewed as a serious breach of the Queensland Academy for Creative Industries Responsible Behaviour Plan for students and the Education Queensland Code of School Behaviour, specifically.
- Posting and communication includes but is not restricted to websites, social networking sites, email, mobile phone and video and should “Demonstrate respect for themselves, other members of the school community and the school environment” as per the Responsible Behaviour Plan.

NEGATIVELY REPRESENTING A MEMBER OF THE QACI COMMUNITY ON PUBLIC SITES

Any conduct or communication on the internet or social media site which negatively portrays or diminishes the standing or reputation of an individual or group who attend the Academy, have attended the Academy or aspire to attend the Academy will be viewed as a very serious breach of the Academy Character Ideals and will warrant the most serious consequences under the Queensland Academy for Creative Industries Responsible Behaviour Plan for Students.

BREACHES AND CONSEQUENCES

Following a thorough investigation and dependent on the intent and nature of the breach, a first offence may result in a student’s suspension from the Academy.

Any action which targets another student or staff member will result in suspension or exclusion.

Any action which is illegal will be referred to the Police in addition to serious consequences under the Queensland Academy for Creative Industries Responsible Behaviour Plan.

HOW CAN PARENTS SUPPORT THIS POLICY?

In regard to Social networking

- Encourage children to only upload pictures that you as their parents/guardians would be happy to see.
- Make sure they do not put any personal information on their profile such as phone number, personal email address, home or school addresses or other personally identifying information.
- Ask them to show you how to use a social networking site – getting involved will empower them to share the experience with you.
- Ensure they set their profile to private – but emphasise that a private profile is still public. Nothing on the internet is private or protected.
- Encourage them to limit friendship links to known friends.
- Regularly review your child’s profile.
- Negotiate an online contract.
- Make use of free web filters (eg Net Nanny)
This policy reflects the importance the school places on students displaying courtesy, consideration and respect for others whenever they are using personal technology devices.

**CERTAIN PERSONAL TECHNOLOGY DEVICES BANNED FROM SCHOOL**

Students are asked to consider not bringing valuable personal technology devices like cameras, digital video cameras or MP3 players to school unless required for a specific learning activity. If a device is a distraction or being used inappropriately it may be confiscated by school staff and may be collected at the end of the day from the school office. Breaches of this prohibition may result in disciplinary consequences.

**CONFISCATION**

Permitted personal technology devices used contrary to this policy on school premises will be confiscated by school staff. They will be made available for collection from the school office at the end of the school day unless required to be kept for purposes of disciplinary investigation, when it will only be returned in the presence of a parent. Devices potentially containing evidence of criminal offences may be reported to the police. In such cases police may take possession of such devices for investigation purposes and students and parents will be advised to contact Queensland Police Service (QPS) directly. Students who have a personal technology device confiscated more than once will not be permitted to have a personal technology device at school for at least one month, or longer if deemed necessary by the Principal.

**PERSONAL TECHNOLOGY DEVICE ETIQUETTE**

Bringing personal technology devices to school is not encouraged by the school because of the potential for theft and general distraction and/or disruption associated with them. However, if they are brought to school, they must be turned off and out of sight during assemblies or classes. Personal technology devices may be used at morning tea and lunch breaks and before and after school.

**RECORDING VOICE AND IMAGES**

Every member of the school community should feel confident about participating fully and frankly in all aspects of school life without concern that their personal privacy is being invaded by them being recorded without their knowledge or consent. We uphold the value of trust and the right to privacy at the Queensland Academy for Creative Industries. Students using personal technology devices to record inappropriate behaviours or incidents (such as vandalism, fighting, bullying, staged fighting or pranks etc) to disseminate to others (including distribution by phone or internet posting) build a culture of distrust and disharmony.

Students must not record images anywhere that recording would not reasonably be considered appropriate (e.g. in change rooms, toilets or any other place where a reasonable person would expect to be afforded privacy). Recording of events in class is not permitted unless express consent is provided by the class teacher.

A school student who uses a personal technology device to record private conversations, ordinary school activities (apart from social functions like graduation ceremonies) or violent, illegal or embarrassing matter capable of bringing the school into public disrepute is considered to be in breach of this policy.

Even where consent is obtained for such recording, the school will not tolerate images or sound captured by personal technology devices on the school premises or elsewhere being disseminated to others, if it is done for the purpose of causing embarrassment to individuals or the school, for the purpose of bullying¹, including racial and sexual harassment, or where without such intent a reasonable person would conclude that such outcomes may have or will occur.

Students involved in:
- recording; and/or
- disseminating material (through text messaging, display, internet uploading etc); and/or,
- knowingly being a subject of a recording

Breach of this policy may be subject to discipline (including suspension and proposal/recommendation for exclusion).

Students should note that the recording or dissemination of images that are considered indecent (such as nudity or sexual acts involving children), is against the law and if detected by the school will result in a referral to the Queensland Police Service.

¹ Education Queensland does not tolerate bullying behaviour at schools. This includes bullying conducted by electronic means.
TEXT COMMUNICATION

The sending of text messages that contain obscene language and/or threats of violence may amount to bullying and/or harassment or even stalking, and will subject the sender to discipline and possible referral to QPS. Students receiving such text messages at school, should ensure they keep the message as evidence and bring the matter to the attention of the school office.

ASSUMPTION OF CHEATING

Personal technology devices may not be taken into or used by students at exams or during class assessment unless expressly permitted by staff. Staff will assume students in possession of such devices during exams or assessments are cheating. Disciplinary action will be taken against any student who is caught using a personal technology device to cheat during exams or assessments.

RECORDING PRIVATE CONVERSATIONS AND THE INVASION OF PRIVACY ACT 1971

It is important that all members of the school community understand that under the Invasion of Privacy Act 1971, ‘a person is guilty of an offence against this Act if the person uses a listening device to overhear, record, monitor or listen to a private conversation’. It is also an offence under the Act for a person who has overheard, recorded, monitored or listened to a conversation to which s/he is not a party to publish or communicate the substance or meaning of the conversation to others. Students need to understand that some conversations are private and therefore to overhear, record, monitor or listen to such private conversations may be in breach of this Act, unless consent to the recording is appropriately obtained.

SPECIAL CIRCUMSTANCES ARRANGEMENT

Students who require the use of a personal assistive technology device in circumstances that would contravene this policy (for example to assist with a medical condition or other disability or for a special project) should negotiate a special circumstances arrangement with the Deputy Principal or Principal.

INAPPROPRIATE BEHAVIOUR OUTSIDE OF SCHOOL HOURS

Students may receive disciplinary consequences for bullying or cyberbullying or other inappropriate online behaviour that occurs out of school hours, and affects the good order and management of the school.

* Personal Technology Devices include, but are not limited to the following devices; portable gaming devices, the iPhone, iPod, iPod Touch or iPad, Tamagotchi® and similar games, laptop computers, PDAs, Blackberries®, cameras and/or voice recording devices (whether or not integrated with a mobile phone or MP3 player), mobile telephones and devices of a similar nature.

Education Queensland does not tolerate bullying behaviour at schools. This includes bullying conducted by electronic means.

**Personal Technology Devices Policy at QACI – Summary**

If the answer to any of the following questions is YES then your use of the device is not acceptable within our environment or community.

- Will your use of the device breach trust?
- Is your use of the device unethical?
- Is your use of the device illegal?
- Will your use of the device offend or harass another person(s)?
- Will your use of the device misrepresent an individual or our Academy?
- Will the device interrupt learning or your readiness for learning in anyway?

If the answer could be YES then reconsider the decision you are about to make.
BELIEFS

At the Queensland Academy for Creative Industries our character ideals of

Respect
Responsibility
Honesty & Trustworthiness
Understanding, Tolerance & Inclusion

allow no room for antisocial behaviours such as harassment or bullying in any form.

For our collaborative learning environment to be effective, allowing students to realise their potential we need to be able to:

“Show the me behind the Mask”

and feel totally comfortable to do so.

Our community celebrates diversity and individual differences and harnesses the flow of ideas and interactions between diverse but likeminded individuals to create dynamic processes and learning.

There is no place for judgement in such an environment.

Creative individuals and knowledge workers respond well to environments based on solid values, clear ideals, open communication and fair treatment.

At the Queensland Academy for Creative Industries we believe every individual within our community and our community as a collective must work together to protect our beliefs.

Our Commitment

We believe there must be open communication about bullying and harassment and as individuals and an organisation we commit to follow up on any identification of these negative and antisocial behaviours.

**We believe that for any individual to ignore bullying is to become part of the problem.**

Definition

Bullying is repeated violence, physical or psychological, against a victim unable to defend herself/himself.

Bullying involves an initial desire to hurt, this desire is expressed in action, someone is hurt, the action is directed by a more powerful person or group, it is without justification, it is typically repeated, and it is done so with evident gratification.

It may look like:

- Teasing and name-calling
- Threats
- Assaults
- Property damage and theft
- Gestures
- Cyber bullying including MSN, websites, blogs and text messaging subtle or overt.
BULLYING AFFECTS US ALL

In an environment which values relationships so strongly and relies on peer collaboration and engagement bullying does not occur in isolation from learning itself.

Empowerment and Engagement = Achievement

Bullying damages relationships and engagement and thus our future potential even if we are not directly involved.

Three Step Student Self Help Guide

1. Stay cool – you do not have the problem.
   Ignore the behaviour.
   Or
   Be assertive – inform the offender to stop their behaviour.
   Calmly walk away. Do not fight back.

2. Ask for help:
   Peer mentor
   Teacher
   Success Coach
   Administration

   Reporting the bullying enables you to get support from someone you can trust!!!

3. Make a formal complaint.
   The Academy will investigate the matter and take action under our Respectful Relationships Policy and Responsible Behaviour Plan.

Helping Others

Step 1: If you see someone being bullied, do not ignore it.
Step 2: Discourage others from supporting or joining in.
   This is ‘passive’ bullying and doing nothing encourages bullying.
Step 3: Support someone by being proactive, ie. Inform someone you can trust.

How can Parents Help?

- Take an active interest in your child's social life.
- Watch for signs of change in behaviour and disengagement.
- Encourage resilience (ie. be assertive but not physical).
- Help child develop strategies.
- Model appropriate behaviours at home and external to the school.
- Discuss bullying observations openly (eg. Media, football)

Action

- Believe your child
- Stay calm
- Enquire what they have done already to deal with it.
- Ask what outcome they would like.
- Ask how you can support them and “walk beside them”
- Empower and encourage.

As individuals and a community we should:

Ask often

Is what I am about to do going to make another person’s day worse?

If the answer is YES it is not QACI behaviour.

Show the Sense of the Goose.

Reflect Often – Develop understanding & tolerance

By discovering another’s story you will find a piece of you in that story.
**INTRODUCTION**

Effective partnerships between parents, students, the community and our Academy are important to educational success.

One part of that partnership is trust and openness. We need to be able to talk to each other when we have concerns, so that those issues can be resolved.

From time to time, you may have issues of concern relating to our Academy.

It is important that you share these with us.

Perhaps you don’t agree with a decision. We need to talk the issues through.

This should result in a better understanding of why we made that decision. We may need to reconsider our decision. Your contribution can help us to improve student outcomes.

*We are committed to ensuring all parents and students have their concerns dealt with in a fair and equitable manner and there are processes and support structures in place to enable parents and students to work through any issues they may have.*

**HOW TO EXPRESS YOUR CONCERNS**

We aim to provide a service that can be improved through your feedback.

*We believe when there are concerns, that concerns which are dealt with by the people closest to the source of that concern achieve the best and most sustainable outcomes. They also build the strongest respectful positive relationships.*

You can raise an issue with any member of our staff. Contact that person via a range of media or make an appointment to see them in person. Issues which you think are serious and cannot be discussed in the first instance with the person closest to the source should be raised with administration.

For issues which may constitute a more formal or serious complaint please refer to our comprehensive process and procedure available on our website.

Our staff are encouraged to deal positively and sincerely with your concerns. They will help you to take your concerns to the right place.

**WHAT CAN YOU EXPECT**

There are usually four phases in handling a concern. In most cases these can all be worked through quickly in one process.

1. Reception
2. Deciding how to proceed
3. Finding out about the matter
4. Making a decision

**STUDENT PROTECTION OR HARM CONCERNS**

If you have a concern or allegation of harm or suspected harm to a student by a school employee this should be reported directly to the Principal. This includes:
- bullying or behaving improperly towards a student.
- Sexual Misconduct including inappropriate relationships within or outside school hours.

Note: If the allegation involves the Principal it should be reported to the Assistant Regional Director, Metropolitan Region.

**OUR COMMITMENT**

We are committed to dealing positively with your concern. It helps us to learn how we can better do things for you.

We will try to make sure that your concern is resolved quickly.

Sometimes a complex matter will take time.

We will always ensure that you understand what we are doing and why it is happening.

**FURTHER DETAILED INFORMATION**

A comprehensive and detailed concern or complaint management process is available on our website. This process is consistent with Department guidelines.
In the operation of the Academy, student information and images are used in a variety of ways and shared with organisations external to the Academy. The Academy Website and Queensland Academies Website showcases Academy information and events which also may include student images and student created digital content.

Communication with our community as per the information above, utilises a range of social media sites and platforms consistent with the Department of Education, Training and Employment Policy and Procedures.

Purpose of the Scheme

In accordance with the Education (Vocational) Training Act 2006, the cost of providing education, training, and research for tertiary and vocational education is met by the State Government.

Parents are jointly responsible for providing information and other personal resources for their children while at college. Accordingly, the cost of education is to be shared equally by both the State Government and the student. A Student Resource Scheme is available for students attending the College.

Details of the Scheme

The purpose of the scheme is to provide the capital and other resources necessary to ensure that students have access to the benefits of education. The scheme is designed to meet the expenses incurred by the student in attending the College.

Eligibility for Scheme

The scheme is open to students enrolled in full-time courses at the College. The scheme is not available for part-time students.

Participation in the Scheme

Participation in the scheme is voluntary, and there is no obligation to participate in the scheme. A student who does not wish to participate in the scheme must inform the College of their decision.

The scheme is co-funded by the State Government and the student. The amount contributed by the State Government is based on the student's income.

Payment Arrangements

Payment of the costs of the scheme is made by the student in accordance with the payment schedule provided by the College.

Parents and/or other supporters are encouraged to contribute to the student's costs in order to ensure that the scheme is fully funded.

Taxes and Contributions

The costs of the scheme are subject to taxation. The student is responsible for paying any tax that may be levied on the payment of the scheme costs.

Next year marks the fourth phase of our recess activities program at QACI. Students are able to leave the Academy and participate in approved activities around the QUT precinct. Major factors in our consideration were increasing flexibility for students, maximising the use of our facility and resources and creating more opportunities which focus on student exercise and a balanced well-being program.

Part of the organisational solution was to change our timetable structure, which built in an extended single recess break which could accommodate a broader spectrum of activities for students and in particular physical exercise. Students at QACI have shown they are highly trustworthy and responsible and can be relied upon to put their increased autonomy to good use.

Beginning February 2nd 2015, this autonomy and the options to students will be available for all Year 11 and 12 students with a focus on increasing exercise and outdoor opportunities.

Subject to formal approval from a parent or caregiver, Year 11 and 12 students will be able to leave the Academy and continue their access of QUT libraries but in addition participate in exercise around QUT and Kelvin Grove Urban Village precinct and / or participate in a partnership with membership and access to Healthstream gym.

The whole initiative sits within our Student Earned autonomy framework, which was developed with and for students and seeks to embed QACI as a school which views its students differently. QACI seeks to build their independence and increase their opportunities through responsibility and trust.

Healthstream

During 2015, QACI students have been enjoying the benefits of this program. Working in partnership with Healthstream, Kelvin Grove, we will continue to offer a very special ‘corporate style’ membership for our students.

Healthstream Fitness Club and Aquatics Centre, is a complete health and fitness facility. They offer a wide variety of facilities including a state of the art fitness club, Olympic standard Swimming pool and sports stadium.

Located in the Kelvin Grove Urban Village, they have a broad demographic of members ranging from local residents to QUT students and staff. This makes for a great culture at the club as they cater to a broad cross section of the community. Healthstream has a friendly and inviting atmosphere, perfect for our QACI students. Staff will be on hand to design training programs to cater for each student’s needs and also educate them in correct and safe equipment use.

Membership will run term by term, and will cease over school holidays. Students will pay for a term at a time and can choose to either continue or discontinue the membership following this.

The membership next year will be split into 8 week blocks within each term

The cost will be $115.00 per student per term, for this, students will have access to the facilities at Healthstream. There will be set times within the school day for example recess.

As this is a very special arrangement between Healthstream and QACI, a special condition applies, which is one of identification. To access this opportunity, students must wear the QACI active uniform whilst using the Healthstream facilities. This will apply at all times both within school hours and outside hours and on weekends.

As QACI is the corporate client, the Academy administration reserves the right to change the conditions of access for individuals or groups if required.

What do I do now?

If you wish to leave the Academy during recess time in 2015 complete the attached agreement and approval form. This agreement form covers four recess activities from which you can choose one, some or all.

- Access to QUT library
- Exercise around the QUT precinct
- Access to park areas
- Membership and access to Healthstream gym.

If you wish to access Healthstream as one of these activities you need to also complete the membership indemnity form and make payment to Client Services.

To be eligible to access this opportunity from Monday the 2nd February all forms must be returned no later than 20th January 2015.

Please note, that approvals returned in this first round will cover the student for the year, only the gym membership will require payment on a term by term basis.
