

Year 10 Subject Selections

2027 Line Structure

Please select a subject from each line, meeting the following conditions:

- **All Students must study English, Maths, Science and at least one Language Acquisition Subject for Year 10 Semester One.**
- Students can study two subjects from either Sciences, Language Acquisition or Individuals and Societies instead of an Arts subject. If selecting two Sciences, in Year 10, semester one please select Science in one line and Design Technology in another line.
- Students may select Design Technology as their one Science subject.
- If you are studying two Language Acquisition Subjects, you must select French on Line 2.
- Students can study two subjects from The Arts. If two Arts subjects are selected students must study Science and cannot study an Individuals and Societies subject (Business, Psychology, or Global Politics). From Year 10 semester 2, Environmental Systems and Societies (ESS) is studied as the trans-disciplinary Science.
