### Our school initiatives are on track to meet or exceed our targets

During 2017, we focused on maximising the benefits of this funding for our students. After reviewing our 2017 *Investing for Success* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented include:

#### LIFT AND STRETCH

- Regularly monitor and respond to student performance data.
- Provide small group LIFT tutorial support to cover gaps in content knowledge, improve subject specific skills and focus on exam preparation and strategies. These would be teacher directed 1 hour weekly sessions.
- Provide small group STRETCH tutorial support for students either side of the 5/6 grade boundary to increase the % of students achieving a 6 and above, by focusing on applying higher order analytical skills to solve complex or novel. These would be teacher directed 1 hour weekly sessions.
- Provide small group support to students at risk in Groups 1, 4 and 5.
- Provide one-on-one tutoring to identified Year 11 & 12 HL or SL students to support their learning.
